

Special Effects with Color

Karen Bolan

Saturday, October 3
9 am - 3 pm

Journey into color mastery by creating illusions and tricking the eye. Color is one of the most exciting things about quilting, and yet it's easy to feel unsure about our choices. By understanding how we see color and then creating illusions with color, students can develop color confidence and giddy enjoyment

This is a no prep workshop and all play...with color. Bring your machine and basic sewing supplies.
